PREAMBLE

Sri Sai Ram Engineering College, Chennai, established in the year 1995 by M.J. Leo Muthu, Chairman of Sathagiri Educational Trust, is non-profitable and non-minority institution. The College is functioning at Sai Leo Nagar in a sprawling campus of 300 acres near the well-known fascinating Theme Park, "Kishkinta."

The college buildings are architecturally designed with 25,000 sq. meters plinth area as per AICTE norms. Imbued with the message of Sri Shirdi Sai Baba, our Chairman ventured into the realm of providing quality technical education to both urban and rural students from Tamil Nadu as well as other states.

Furthermore, Sri Sai Ram Institute of Management and Computer Applications, a unit of Sri Sai Ram Engineering College, was established in 1997, and it offers MBA and MCA Programmes.

Now, Sri Sai Ram Engineering College has developed into a reputed Engineering Institution with ISO 9001:2008 Certification and all our Engineering programs got accredited by National Board of Accreditation. The college is affiliated to Anna University and is also approved by All India Council for Technical Education (AICTE), New Delhi.

DEPARTMENT PROFILE

Electrical & Electronics Engineering Department was one of the first few disciplines that were started since the inception of the college in the year 1995. New courses were introduced subsequently and the existing ones were restructured to reflect the state of the art.

The Department has well qualified faculty and excellent facilities for research. The department has well-established Laboratories for Electrical Machines, Power Electronics, Digital Electronics, Control & Instrumentation, and Computers. To add credit to the EEE Department, it has been ranked FIRST among 243 engineering colleges affiliated to Anna University.

THEME OF THE CONFERENCE

The main objective of this conference is to provide a perfect platform for engineers, research scholar, academicians to exchange their Scientific & Technical information and update themselves to the latest developments in the field of Electrical & Electronics Engineering.

SCOPE OF THE CONFERENCE

- Artificial Intelligence and Knowledge based computing
- Bio-medical Signal Processing
- Digital Signal Processing
- Distributed Control Systems
- Dynamic Modeling of Electrical Machines
- Embedded Systems
- Energy Auditing, Conservation and Management
- Energy Efficient Drives / Systems
- HVDC & FACTS
- Intelligent and Efficient Controllers
- Intelligent Electro Mechanical Systems
- Modeling and Simulation
- Modern Power System Protection and Control
- Modern Control Techniques for Power Electronic Applications
- Power System Operation and Control
- Reliability, Security Assessment and Risk Analysis in Power Systems
- Renewable Energy Sources
- Robotics and Industrial Automation
- Soft Computing Techniques
- VLSI Design and Testing
